Abirami Kamalanathan

EXPERIENCE

Teaching Assistant | *Kumon Learning*

April 2023 - January 2026

- Demonstrated patience and adaptive communication skills while providing academic support to students in a structured learning environment.
- Collaborated with instructors and communicated regularly with parents to support student progress.
- Maintained a professional and supportive environment while managing multiple responsibilities independently.

Associate Creative Manager | *Now What?* Race Team

December 2024 - September 2025

- Led creative initiatives including logo design, merchandise (T-shirt) concepts, digital graphics, and designing the team website.
- Collaborated closely with team members to develop cohesive visual branding and social media content under tight deadlines.
- Coordinated team roles and responsibilities by assessing individual strengths and fostering productive collaboration.

Front-End Web Development + Design | *Projects*

September 2024 - April 2025

- Performed live usability tests for app-interface functionality of OurMeals, a grocery app, and implemented feedback to improve user-computer interaction.
- Developed project management documentation, including business cases, project charters, work breakdown structures (WBS), and Gantt charts for a semester-long case study for a simulated client engagement web portal.
- Developed a personal dictionary database using SQL and PHP for functional backend database design and integration.

EDUCATION

Toronto Metropolitan (Ryerson) University, 350 Victoria St, Toronto, ON | *Computer Science Degree*

SEPTEMBER 2021 - Present

Currently in my final year of pursuing a Computer Science degree at Toronto Metropolitan University, learning various programming languages and design skills, and applying them in functioning projects.
